

Services and Products

MEMBERS MAY GO TO THE BOTTOM OF THIS PAGE FOR A REPORT ON THE 2008 SURVEY OF IVETA SERVICES AND PRODUCTS.

The following services and products are provided by IVETA to promote its overall mission, for the low cost of USD 50.00 per year for individual membership.

Electronic Hot Line: IVETA issues a monthly electronic Hot Line to all members which includes brief alerts on TVET initiatives worldwide and IVETA organizational happenings, with related links where more detailed information can be found (including but not limited to the IVETA web site, newsletter, and Journal (see following descriptions).

Web Site: IVETA maintains a web site with public and member access areas. The public web site includes general information about IVETA, and upcoming events, and the Newsletter. Special "Member only" services include such items at the IVETA Journal, Job Bank, Electronic Forum, Archives, Membership Directory, etc.

Newsletter: IVETA's quarterly Newsletter brings you announcements of up-coming events, information on emerging issues in Technical Vocational Training (TVET), summaries of important conference presentations on the latest concepts and developments in TVET worldwide, and developments in the organization itself.

Journal: The IVETA Journal has been published on a semi-annual basis since 1993, is a "juried" journal, and the largest department of the Journal is devoted to empirical research articles, with selected issues focusing on single topics (e.g., Evaluation of TVET). The Journal is distributed to all members in electronic form, via the Members Web Site, with hard copies available to the general public at the cost of printing and postage.

Regional and International Conferences: IVETA's conferences and meetings provide opportunities for you to meet your global colleagues face to face and to share information and experiences for improving and advancing vocational education and training. There may be one or more Regional and/or International Conferences each year.

Professional Micro Grant Program (PMGP): The IVETA PMGP was started in 2002 to assist individual IVETA members from developing countries to experiment, adapt, and develop new approaches in VET and disseminate the results to the international VET Community. It is financed from grants provided by Members and

from IVETA, and provides grants up to USD 2,000.

Membership: IVETA's membership directory including telephone, Fax, E-mail, and other pertinent information about each IVETA member is available to all members electronically. It provides quick and easy contact with a wide variety of colleagues in vocational education and training across the globe to facilitate sharing of information on TVET.
